IEMA Transforming the world to sustainability

iema.net

My journey with IEMA Futures

- Graduated from Edinburgh University with a BSc in Ecology and Environmental Sciences in 2018

- Joined IEMA and became part of IEMA Futures Steering Group

- Started making connections in the industry and with IEMA HQ

- Started working for IEMA in January 2019

- Now work to manage the Futures network to support IEMA student, graduate and early career professionals

IEMA Transforming the world to sustainability

iema.net
